Values

At mYak, we are passionate about creating the **best yarns** while making a positive difference in the world.

Our journey started with a **deep respect for Tibetan nomadic traditions** and a commitment to supporting these communities.

By sourcing **top-quality fibers** directly from Tibetan herders, we ensure our products are unique, and ethically made.

- Ethics & Sustainability
- Excellence
- Strong Relationships

Sourcing

Our yarns are the heart of mYak

Each skein reflects heritage, quality, and care.
We work with family-run businesses in Biella, Italy's textile district, to ensure every step of production meets our high standards.

These artisans share our commitment to quality and sustainability.

Ethically sourced in Tibet.
Crafted in Italy.

Yarn collections

Fibers with heritage. Yarns with a soul.

We personally oversee every step of our supply chain.
We dye on a natural base without bleaching or decoloring the fiber, preserving its integrity and its signature soft, heathered beauty.
As we honor the fiber's organic shades, colors may vary slightly from season to season. This subtle evolution is the hallmark of a truly natural product - making every skein, and every finished piece, beautifully one of a kind.

Baby Yak

LACE / MEDIUM

A Rare and Precious Fiber.
Baby Yak is the hearth and foundation of our company. Sourced from the finest yak down- measuring approximately **17 microns** it is as soft as cashmere and warmer than wool. This worsted-spun yarn creates a fabric that is exceptionally lustrous, lightweight, and breathable, offering a unique refined knitting experience for every season.

Ethically crafted.
Choosing our Baby Yak means supporting a fiber that is good for you, respectful of the environment, and vital to the nomadic Tibetan communities who carefully comb and collect it every spring. We dye on a natural base without bleaching or decoloring the fiber, preserving its integrity and its signature soft, heathered beauty.

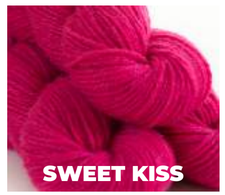
Naturally Unique
Because we honor the fiber's organic shades, colors may vary slightly from season to season. This subtle evolution is the hallmark of a truly natural product - making every skein, and every finished piece, beautifully one of a kind.

The three natural shades are:
OATMEAL, DESERT & CHOCOLATE

Baby Yak

LACE / MEDIUM

We dye using the **three natural shades of baby yak down,** to achieve our palette of soft and earthy colors that evoke the five elements of nature.



LACE

- **Weight:** Lace / 2-ply
- **Recommended Needle Size:** 1.5 mm – 3.25 mm (US 0 – 3)
- **Skein Weight:** 50g (1.76 oz)
- **Yardage:** 350 mt (380 yds)

MEDIUM

- **Weight:** Medium
- **Recommended Needle Size:** 3.75 mm – 4.5 mm (US 5 – 7)
- **Skein Weight:** 50g (1.76 oz)
- **Yardage:** 117 mt (125 yds)

Fiber Content: 100% Baby Yak
Origin: Ethically sourced from the Tibetan Plateau; Spun and Dyed in Biella, Italy.

Tibetan Cloud Wool

SPORT / LIGHT DK

A Bridge Between Worlds.
Tibetan Cloud is truly a unique fiber, sourced exclusively from an ancient breed of sheep that roams the Tibetan Plateau at altitudes over 4,000 meters. Although it is 100% wool, its characteristics resembles those of the finest luxury fibers - like cashmere and baby yak-exceptionally soft, never scratchy, and an absolute pleasure to wear.

Ethical & Traceable.
This collection is rooted in deep respect for animal welfare and nomadic heritage. The sheep are shorn by hand in the traditional way, following the natural rhythms of life on the grasslands. By sourcing from semi-desertic regions, we aim to provide sustainable income to these communities, supporting a thousand-year-old way of life to thrive in the modern world.

Italian Excellence.
To honor the quality of this rare fiber, it is spun and dyed in Biella, Italy-the heart of textile excellence at the foothills of the Alps. The result is a yarn with remarkable stitch definition, softness you can feel instantly, and a soul that truly spans continents.

The natural shade is:
WILD DAISY

Tibetan Cloud Wool

SPORT / LIGHT DK

The wool is collected following the natural life rhythms of the animals and the people who raise them.
The Tibetan sheep are **a very strong breed** that has adapted to pretty rough environmental conditions.

SPORT / LIGHT DK

- **Weight**: Sport / Light DK
- **Recommended Needle Size**: 3.25 mm – 4.0 mm (US 3 – 6)
- **Skein Weight:** 100g (3.53 oz)
- **Yardage:** 300 mt(328 yds)

Fiber Conent: 100% Tibetan Sheep Wool
Origin: Ethically sourced from the Tibetan Plateau; Spun and Dyed in Biella, Italy.

Tibetan Cloud Wool

MÉLANGE

SPORT / LIGHT DK

The New Palette: A Natural Melange
Our latest collection introduces a series of melange shades, created by **blending the rich, undyed tones of the raw fiber with soft, neutral pigments**. This process honors the natural variations of the Tibetan wool, resulting in colors with incredible depth and a subtle, heathered effect.

Each skein captures the shifting light of the high-altitude grasslands, offering a palette that is both timeless and sophisticated.

SPORT / LIGHT DK

- **Weight**: Sport / Light DK
- **Recommended Needle Size**: 3.25 mm – 4.0 mm (US 3 – 6)
- **Skein Weight:** 100g (3.53 oz)
- **Yardage:** 300 mt(328 yds)

Fiber Conent: 100% Tibetan Sheep Wool
Origin: Ethically sourced from the Tibetan Plateau;
Spun and Dyed in Biella, Italy.

Nga Mong – Baby Camel

SPORT

A Fusion of Cultures.
Our camel fiber comes from the arid northeastern reaches of the Tibetan Plateau, near the edge of the Gobi Desert. Here, camels are tended by nomadic families who beautifully blend Tibetan and Mongolian traditions—living in yurts and speaking the Amdo dialect. This fiber carries the spirit of ancient transhumance and the resilience of communities who have journeyed across these vast lands for centuries.

Strength & Noble Softness.
The Bactrian camel is a remarkable animal, built to endure extreme climates of scorching summers and freezing winters. Its fine down is among the world's most noble fibers— exceptionally warm, incredibly soft, and naturally resilient.
Sourced on the Plateau and spun in Italy, our Baby Camel yarn honors these natural qualities, creating a fiber that offers a rare balance of strength, lightness and refined luxury.

The two natural shades are:
THAR & GOBI

Nga Mong – Baby Camel

SPORT

Bactrian Camel is a **marvelous animal able to thrive in extreme climatic conditions.**
It's used to transport family belongings during transhumance and it produces a very rich milk and a gorgeous fiber.

SPORT

- **Weight:** Sport
- **Recommended Needle Size:** 3.25 mm – 3.75 mm (US 3 – 5)
- **Skein Weight:** 50g (1.76 oz)
- **Yardage:** 175 mt (190 yds)

Fiber Content: 100% Baby Camel Down
Origin: Ethically sourced from the Tibetan Plateau; Spun and Dyed in Biella, Italy.

Fior di Lino

FINGERING

Fior di Lino: A Journey Through Earth and Fiber.
Fior di Lino is a mesmerizing blend that marries the essence of Italian Linen, the ethereal softness of Baby Yak, and the richness of Tibetan wool. This fingering weight yarn—meticulously crafted with 15% Italian Linen, 35% Baby Yak, and 50% Tibetan Cloud—weaves together the verdant beauty of Italian landscapes, the tranquil vastness of the Tibetan Plateau, and the everlasting grace of nature's allure.

The Soul of the Fiber.
Each fiber in this blend tells a story of origin and quality:
- **Italian Linen (15%):** Adds a crisp, structural integrity and a rustic elegance inspired by the Mediterranean.
- **Baby Yak (35%):** Provides a cloud-like softness and exceptional warmth, ethically sourced from the high altitudes of Tibet.
- **Tibetan Cloud Wool (50%):** A rich, breathable wool that offers depth and body to every stitch.

The natural shade is:
CAFFELATTE

Fior di Lino

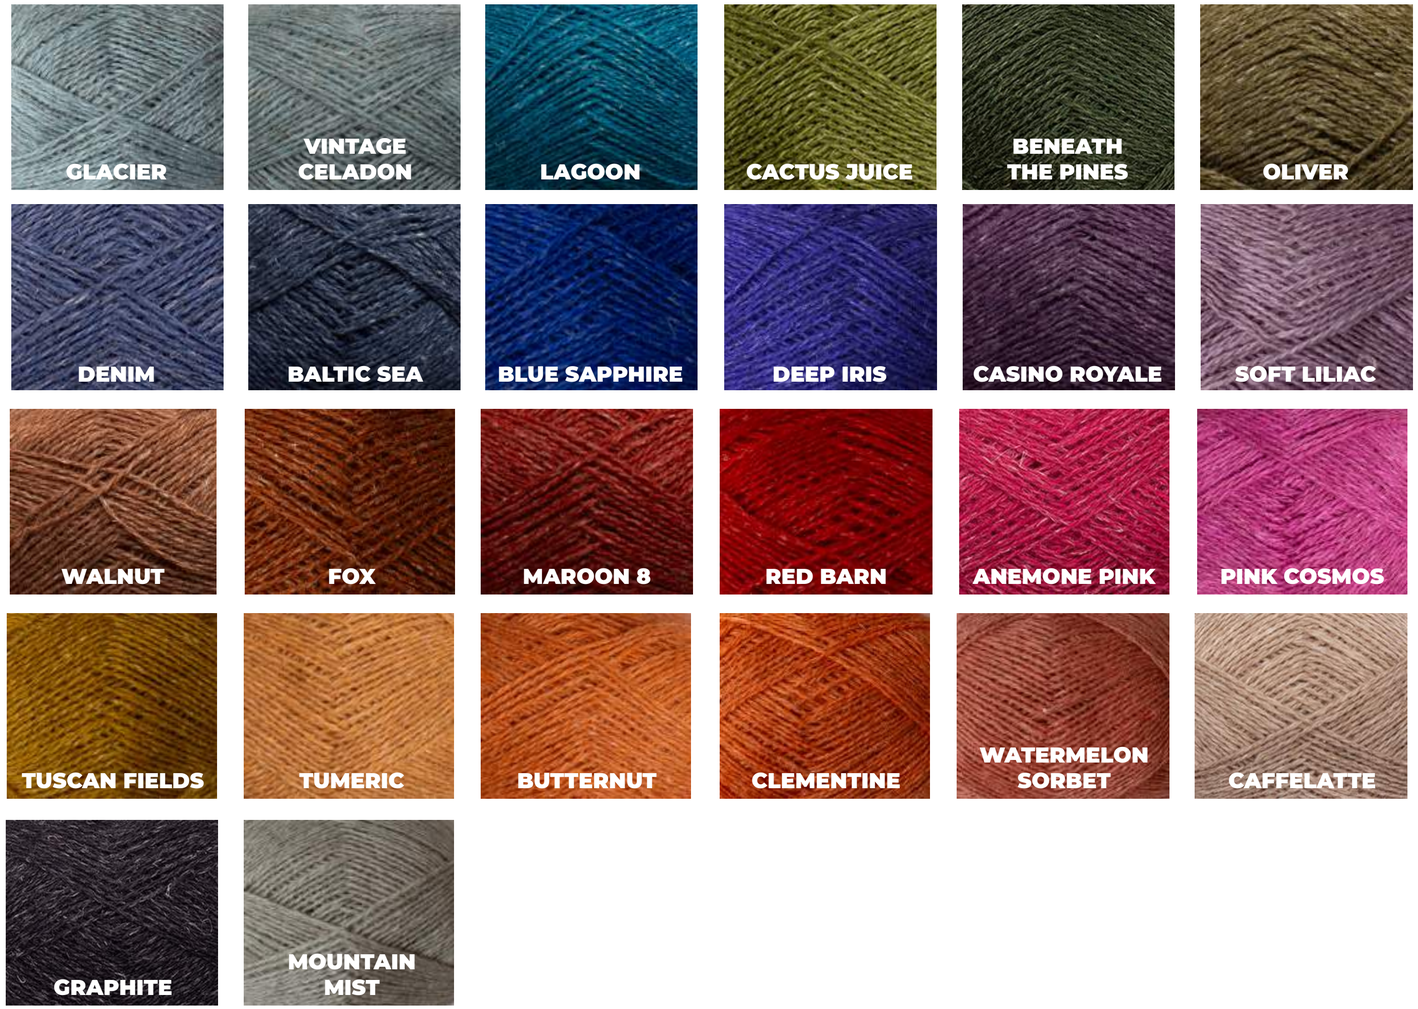
FINGERING

Fior di Lino: A Symphony of Nature's Finest Fibers

FINGERING

- **Weight:** Fingering
- **Recommended Needle:** Size: 2.75 mm - 3.5 mm (US 2 - 4)
- **Skein Weight:** Approx. 50g (1.8 oz)
- **Yardage:** 200 mt (218 yds)

Fiber Content: 50% Tibetan Cloud, 35% Baby Yak 15% Italian Linen
Origin: Tibetan fibers ethically sourced; blended and spun in Italy.



Fior di Cashmere

FINGERING

The Essence of the Plateau.
Fior di Cashmere is a refined blend inspired blend by the whispers of the Tibetan Plateau—its winds, vast horizons, and ancient traditions. This unique composition marries the rustic character of Tibetan wool with the unparalleled softness of Tibetan Cashmere - one of the most precious finest fiber in the world.

Timeless Elegance.
Enhanced with the crisp, breathable touch of Italian linen, this yarn offers a sophisticated tactile experience. The result is a fabric that balances structure and softness, freshness and warmth - ideal for elegant, lighweight garments designed to be worn throughout the year.

A Contemporary Palette
The color palette transition beautifully from nature-inspired earth tones to vibrant, modern accents. It perfectly reflects a sensorial journey—from the raw landscape of the Tibetan Plateau to a refined, contemporary expression of color and style.

The natural shade is:
IVORY PLUME

Fior di Cashmere

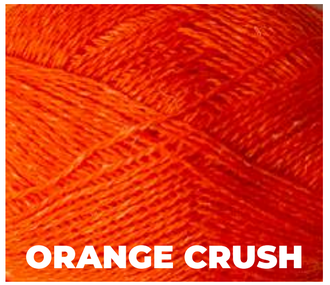
FINGERING

A Luxurious Blend of the most Exquisite Tibetan Fibers

FINGERING

- **Weight:** Fingering
- **Recommended Needle:** Size: 2.75 mm - 3.5 mm (US 2 - 4)
- **Skein Weight:** Approx. 50g (1.8 oz)
- **Yardage:** 200 mt (218 yds)

Fiber Content: 50% Tibetan Cloud, 35% Tibetan Cashmere, 15% Italian Linen
Origin: Tibetan fibers ethically sourced; blended and spun in Italy.



Baby Yak | Silk

FINGERING

A Tribute to the Silk Road.
The Legendary Silk Road once crossed the high altitudes of Tibet, connecting cultures through the trade of precious goods. We wanted to pay homage to these two Asian treasures by creating a yarn that embodies the history and luxury of the region.

The Perfect Harmony of Fiber.
Our 50% baby yak, 50% silk light fingering-weight blend has all of the best qualities of baby yak with the gorgeous sheen and drape of silk. We love the way these two fibers blend together to make a very special luxury yarn. It will bloom and drape, slink and shine, offering a tactile experience unlike any other.

Versatility in Every Stitch.
The result is a soft and light fabric perfect for your favorite warm weather garments and accessories

The natural shade is:
PRANA

FINGERING

- **Weight**: Light Fingering
- **Recommended Needles:** 2.5–3.25mm (US 1–3)
- **Skein Weight:** 25g (0.9 oz) per skein
- **Yardage:** 116m (127 yds)

Fiber Content: 50% Baby Yak, 50% Silk
Origin: Tibetan fibers ethically sourced; Blended and Spun in Italy.

Kupa – Baby Yak | Cotton

FINGERING

Tibetans have the most precious natural animal fibers in the world but cotton has a touch of the exotic from them. It comes from distant warm countries with floral motifs and Tibetan women love them!

One thing Tibetans love very much is picnics! They have a real picnic cult, whether they are nomads or farmers, students, monks, nuns or important lamas, they spread their large floral cotton tablecloths on the grass filling them with all sort of delicacies and spend carefree days between a football match and a nap among the flowers.

Our Kupa, wants to evoke this festive atmosphere.
It's the resualt of a blend between the best organic cotton and our soft baby yak.

Kupa is a fresh mid-season yarn, with an exceptional feeling to the touch, drapey and buttery soft, ideal for light tops, shawls and accessories.

The natural shade is:
SAMANA

FINGERING

- **Weight**: Light Fingering
- **Recommended Needles:** 2.5–3.25mm (US 1–3)
- **Skein Weight:** 25g (0.9 oz) per skein
- **Yardage:** 116m (127 yds)

Fiber Content: 50% Baby Yak, 50% Cotton
Origin: Tibetan fibers ethically sourced; Blended and Spun in Italy.
